# Erasmus Entrepreneur at ELFIN GmbH

---

Have you thought about starting your own business with a strong IT footprint and do not really know where to start? Are you passionate about programming? With your motivation and our expertise we will develop your entrepreneurial skills!

ELFIN takes part in the EU initiative "Erasmus Entrepreneur" as a host company for new entrepreneurs. As a consolidated innovation consultancy and IT company incubator ELFIN is constantly growing. You will have the opportunity to participate in the development of a new online market trading platform including marketing, sales, programming and launch.

At the same time, we offer commitment with your business idea. Therefore, you can use a 10% of your working hours to develop it with the mentoring of the skilled, experienced professionals of our team.

## Your tasks:

- Participate in marketing and sales as a part of a multidisciplinary team
- Accomplish the technical conception and planning of the project
- Decide in team the design of the new website
- Solve key problems in projects or prepare them to be solved by other programmers

## You bring with you

- Successful studies in Engineering, IT or business.
- Excellent goal oriented programmer and advanced level of PHP and MySQL.
- Good knowledge and experience of web developing with HTML 5, CSS and JavaScript/Ajax.
- Good English working level

## We offer

- An exciting and dynamic project
- Reasonable working hours and a nice, fun work environment
- High degree of responsibility within the project
- A fructuous environment to develop your personal strengths and language skills
- Participation in the daily business
- Commitment with your business idea
- A couple of table football rounds with your boss and colleagues from time to time
- Coffee flat rate
